management fads and buzzwords pdf

A buzzword is a word or phrase, new or already existing, that becomes very popular for a period of time. Buzzwords often derive from technical terms yet often have much of the original technical meaning removed through fashionable use, being simply used to impress others; although such "buzzwords" may still have the full meaning when used in certain technical contexts.

Buzzword - Wikipedia

Management consulting is the practice of helping organizations to improve their performance. Organizations may draw upon the services of management consultants for a number of reasons, including gaining external (and presumably objective) advice and access to the consultants' specialized expertise.. As a result of their exposure to, and relationships with numerous organizations, consulting ...
